

Specialising in the short term hire of mobility equipment

"providing the service to meet the need"

Take a look inside or visit our website on: www.directmobility.co.uk

0800 092 93 22

ASSESSMENT

Although our staff have many years of experience within the mobility industry and can advise you on the types of equipment and suitability within an environment, we are not able to assess specific patient needs. If you require an assessment of your needs you should contact a healthcare professional. You can contact our in house healthcare professional for guidance by email on OT@directmobility.co.uk or visit our web site www.directmobility.co.uk.

SALES

All items are available to purchase, new or ex-hire, please call for prices. It may be more cost effective to purchase some items if required for a period of 6 weeks or more. If the item you require is not listed in our brochure please call us to discuss, we are able to source most items.

About us:

Direct Mobility Hire Ltd started its young business life in 1989 trading as Homecare, based in SW London. It was set up by an occupational therapist and specialised in a small range of products offering short time hire. This proved to be an invaluable service used by local hospitals and hotels. There was sometimes confusion over the trading name being associated with carers rather than equipment, therefore it was decided to change the name, and in 1999 Direct Mobility Hire Ltd was born.

The business grew steadily and now offers an extensive range of equipment. We relocated to larger premises in North London where we now offer, by our own trained technicians, delivery, installation, sales, service and repair to most types of mobility and patient lifting equipment throughout the South East of England. We enjoy close working relationships with the NHS and private hospitals along with many nursing agencies, hotels, travel companies and advice organisations.

We pride ourselves on the quality and range of equipment offered and the service that we provide. Our mission statement encapsulates our vision.

“Providing the service to meet the need”

Delivery/Collection charges: two-way

(includes installation by our own trained technicians)

A £18.00

B £24.00

C POA

* inc VAT

VAT will be applied to all hire and sales charges at the prevailing rate unless the appropriate exemption declaration we provide can be completed by the user or carer.

Terms & Conditions

Hire contract; will start on the day of delivery (or pick up) and terminate on the day of collection (or drop off), unless notice for collection was made and we agreed a later collection for logistical reasons.

Pre Bookings; will be accepted up to 14 days prior to delivery subject to available stock.

Cancelling; a pre booking should be cancelled as soon as possible but before 9.30am on the day of delivery to avoid any charges, otherwise the delivery charge will apply, if delivered, then our minimum hire charge plus the delivery charge will apply.

Delivery; Normally within 24 hours by arrangement and available stock if requested within normal hours of business. Normal hours of business Monday-Friday 8.30am to 4.30pm. Equipment will be assembled and fitted as required.

Hire period rates available are, weekly, 4 or 6 weekly. Some larger items may have a 8 or 12 week rate please enquire.

Payment for hire equipment and delivery is made in advance unless an authorised account facility is in place. Preferred payment method is credit or debit card, payment by cash or cheque may result in a cash security deposit being requested.

Early return of equipment and cancellation of contract will result in a change of hire rate if termination date falls within a higher charge rate period. Early return of individual items but not the whole contract will involve an individual item rate change if appropriate and an administration fee of £10.00. Any refund due will be made by the same method as payment was received.

Hire period end We will contact you by telephone on, or, the prior day of the period end date to advise of the return date and take instruction for either the collection and completion of the contract or a hire extension.

If no contact can be made and if a message has been left and not replied to, we will write to the hirers address, and if no reply is made within 24hours we reserve the right to automatically extend the hire period from the return due date for the same hire period or until you contact us to advise differently.

Hire extensions can be made at the end of the hire period and charges will reflect the original hire rate on a weekly pro rata rate unless a longer period rate is requested in which case that rate and any subsequent hire extension will be charged at this rate.

Trial hire period. If within the first seven days of any hire period and after assessing its suitability you decide to purchase any of the equipment, then we will refund all the hire charges relating to the item against the purchase price and if appropriate 50% of the delivery charge. If a decision to purchase is made after this period then a maximum refund equal to the relevant weekly hire rate will apply.

Damaged and Lost equipment will be charged at the full retail repair or replacement cost.

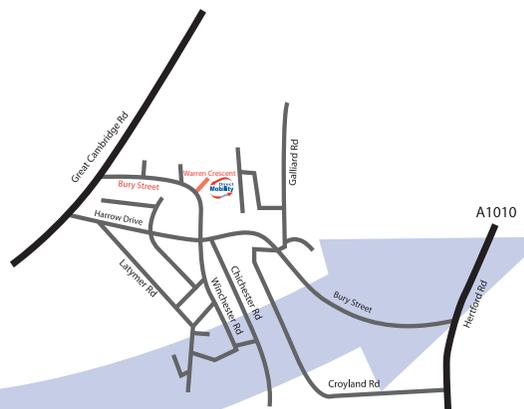

VAT Will be applied to all charges at the prevailing rate unless the appropriate exemption declaration we provide can be completed and signed by the user or carer.

Equipment supplied may differ from the images shown in this brochure.

Prices shown are correct at time of printing and are subject to change at any time.
